DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 11-20 and 23-25 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The broadened limitation "housing" is new matter.

Claims 11-20 and 23-25 are rejected under 35 U.S.C. 251 as being based upon new matter added to the patent for which reissue is sought. The added material which is not supported by the prior patent is as follows:

It is not readily apparent from the original patent that the applicant was in possession of the invention using any housing other than the originally disclosed and claimed cylindrical housing.

Oath/Declaration

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56.

The most recent oath, filed 11/9/00, refers to "material to examination" instead of "material of patentability" as required.

Art Unit: 3754

The reissue oath/declaration filed with this application is defective because none of the errors which are relied upon to support the reissue application are errors upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

If the amendment eliminating “cylindrical” is found to be new matter, the specific error statement in the current oath/declaration is defective. The second supposed error pointed out by applicant appears to recite nearly half a claim and therefore appears to not to point to a specific word/ phrase, or expression wherein lies the error.

Allowable Subject Matter

Claims 1-10 are allowed.
